## Family Favorites Cookbook

The residents along with activity staff member Tammy Tuft have been putting together a collection of recipes that were important to the individuals that live, work and volunteer here at Haaland Estates. Many discussions and planning meetings have taken place over a cup of coffee while putting this cookbook together. The resident initiated the idea and Tammy has assisted walking the project through to the end. It has been a process of obtaining family recipes that are hand written and signed by the residents or their families. We thank all of you who have helped contribute to bring this ongoing project to completion. The cookbook is more than a collection of recipes; it is a reflection of our relationships and how we have all become a part of the Haaland "Home" Family. It shares a bit of culture, humor, and mostly a lot of love.

The cookbook is now in the printing process. Pricing information will be available on Facebook soon.

Pre-Order and reserve your copy today.

We thank Randy Fossum for the donation of a flat screen TV. It was mounted to the wall in our recreation room in front of the NuStep machines. The residents can enjoy watching a little TV while they do their work out. It's been a fun addition to our home!
