

A helping hand when you need it.

Rely on the support, guidance and resources of your Employee Assistance Program.

There are times in life when you might need a little help coping or figuring out what to do. Take advantage of the Employee Assistance Program,¹ which includes WorkLife Services and is available to you and your family in connection with your group insurance from Standard Insurance Company (The Standard). It's confidential — information will be released only with your permission or as required by law.

Connection to Resources, Support and Guidance

You, your dependents (including children to age 26)² and all household members can contact the program's master's-level counselors 24/7. Reach out through the mobile EAP app or by phone, online, live chat, and email. You can get referrals to support groups, a network counselor, community resources or your health plan. If necessary, you'll be connected to emergency services.

Your program includes up to three counseling sessions per issue. Sessions can be done in person, on the phone, by video or text.
