

May 21, 2020

Dear Families, Residents and Tenants of Haaland Estates,

We will be conducting COVID-19 testing on Wednesday May 27th. This is only for screening purposes. It will include all residents and staff. This screening process is part of Governor Burgum's commitment to protecting the vulnerable population in North Dakota.

The testing will be very similar to the testing that occurred on May 3rd. The test will again be either a nasal or throat swab.

We thank you for your participation in this important screening process

Sincerely,

Kelly Clements, RN
Director of Nursing
